

# Empowering Local Communities Grant

**Group Guidance & Criteria**

**Grant Round 3  
September – November 2022**

## Empowering Local Communities Grant Group Guidance

### Introduction

Asda's charity, Asda Foundation, is committed to supporting local communities through grant giving and we believe it takes a whole community working together to improve people's lives.

This grant is designed to support a broad range of activities helping to transform communities and improve lives. We know every community need is different and therefore we will support and fund what is needed and important to your community. What do local groups in your area need support for? What would make the biggest difference for the people in your community?

We know the rising cost of living is having a big impact on communities. We have introduced a new grant to help support community groups through this cost of living crisis. Please refer to the Cost of Living grant criteria if you would like to apply for funding support.

There are three phases under this grant and this guidance is applied to phase 3 only.

### How do Asda Foundation grants work?

Each Asda superstore has a Community Champion, and their role is to support groups and projects within the community, as well as managing Asda Foundation grant applications. The Community Champion in your local superstore will support you in completing your application and will submit the application to the Foundation on your behalf, we cannot accept application direct from groups.

Please use the Asda Store Locator on the Asda Foundation website [here](#) to contact your local store and speak to your Community Champion about how we might be able to support you.

**This document aims to support you through the application process and contains information relating to:**

- **Is my group eligible for a grant?**
- **Grant overview**
- **How much can my group apply for and when?**
- **Criteria and options**
- **How to apply**
- **What happens after submission?**

Before completing an application form, you'll firstly need to make sure your group and project meets the eligibility criteria below.

## Grant overview, criteria and options

This grant is designed to support a broad range of activities which contribute towards transforming the community and improving the lives of people in that community.

There are four options to choose from under this grant. You must be clear from the outset which one you are applying for. It's also possible to apply for a combination.

We know the rising cost of living is having a big impact on communities. We have introduced a Cost of Living grant this round to support groups throughout this difficult period. Please refer to the Cost of Living grant criteria if you would like to apply for funding in relation to this.

### Building Resilient Communities

Supporting communities to enable their group or activity to take place. This might be enhancing what is already available, providing core items, enabling an activity to continue or improving your local environment. This option includes integrating refugees into society.

### Active Lives

Supporting participation in group physical activities. Whether low or high impact, regardless of age or ability, encouraging people to lead more active lifestyles and for everyone to feel able to participate.

### Seasonal Celebrations & Festivals

Tackling isolation and ensuring no one is alone, regardless of age. This should be the focus of bringing people together, during these key times of the year.

E.g. Halloween, Christmas celebrations, Hanukkah, Diwali.

### Leading Healthier Lives

From cooking and education classes to enabling positive mental health. We are committed to supporting health in body, mind and soul in our communities.

## General Criteria continued...

- The guidance contained in this document relates to Empowering Local Communities Grant only. If you require guidance for another programme, please visit [www.asdafoundation.org](http://www.asdafoundation.org).
- Empowering Local Communities Grant does not support activities which solely benefit children under the age of 18. Please read the U18 Better Starts Grant guidance to support children only activities.
- If the activity being delivered benefits a mix of children and adults, it is an Empowering Local Communities Grant if *more* adults than children are involved and/or the main focus isn't for children. For example, a *Mother and Baby Group* would come under a *U18 Better Starts Grant* and a *Community Centre Vegetable Patch* would come under an Empowering Local Communities grant.
- Groups can apply for one grant, per grant programme below, per year but we encourage Community Champions to support a wide range of groups across grant streams.

### Our Grant Programmes

Empowering Local Communities Grant	U18 Better Start Grant	Cost of Living Grant	Green Token Giving	Investing in Spaces and Places
£500-£1,500	£500-£1500	£500-£2000	£300-£500	<b>COMPLETE FOR 2022</b>
Supporting projects and activities which are important to a community which benefit local people.	Giving children the best start in life, tackling poverty, inclusion and wellbeing.	Supporting community groups during this difficult Cost of Living crisis.	Aimed at small community projects, the funds can be used for whatever will benefit groups most.	

- Umbrella organisations which have more than one group in the same community, Asda Foundation will only be able to support one group per grant programme per year. *E.g. A football organisation with multiple teams can only apply for one Empowering Local Communities Grant but another team within the organisation could apply for a Green Token Giving. Branches of a bigger organisation will be able to apply for more than one as they support different community areas.*
- Sometimes we have to say no, this grant cannot be used for the following: Storage Rental, Ongoing Salaries, Promotional Costs, Alcohol, Raffle Prizes, Excursions/Day Trips/Restaurant Meals, Transport Costs, Insurance, Memberships, Vouchers.
- We will not accept applications for volunteer only celebration events but will support funding volunteer networking events that would enable future work in the local community.

**One off costs for specialist support:** Groups may need the help of experts to deliver and achieve their ambitions. In these cases, Asda Foundation will consider funding these costs.

*Examples (not exhaustive):*

- An electrician to install new lighting or install a new hob in a kitchen*
- An exercise coach to run a 6 week programme of chair based exercises for a group*
- A translator to enable more people within the community to engage with an activity*
