Section 1 – Contact Details – Asda Store

The information for this section should be provided by the colleague in store who is helping with you with your application and grant.

Section 2 – About your Group

What do we need to know about your group?

Question 2.1 - This is the name your group are known by.

Question 2.2 – We ask how many people are involved in running your group as this helps support our due diligence. Please specify the number of paid staff and/or the number of volunteers who have a leadership/organisation role.

Question 2.3 – We ask when your group was established as this helps support our due diligence checks.

Question 2.4 – We need to understand what the main activities of your group are to better understand how the grant will make a positive difference to your group and that the requested items match your plans. Please tell us in this section how many members you have, how often you get together, where you meet and what you do together, feel free to use bullet points. We also need to know what kind of Government Entity or Public Body you are.

Section 3 – About the grant

Question 3.1 Please cross the type of grant you are applying for. You can only apply for one type of grant: Green Grant, Active Lives Grant or a Creative Grant.

Question 3.2 You must ensure all your activities comply with government Covid guidelines. You must agree to the statement or we will be unable to provide funding.

Question 3.3 Please provide as much detail as possible about what the money will be used for. The more you can provide will help Asda Foundation process the application and avoid further questions which may delay you receiving a funding decision.

Question 3.4 A list of items you wish to purchase must be included. Please undertake some research before completing this section. Please include quantities if possible and use one line to cover grouped items. *Eg. Football match day equipment (10 new balls, 2 new nets, 4 corner flags).*

You do not need to provide any quotes or additional documentation.

Please ensure you add up and complete the total box at the bottom on the table. If you need addition space, add more columns or include an additional sheet of paper in your application submission.

Question 3.5 This must be a group bank account. We cannot make payment to personal accounts. You will need to submit a redacted bank statement or pay in slip with your application. If your application is successful, your funding will be sent to you via cheque.

*If your group is part of a larger organisation you will need to provide written evidence to explain the link between the two.

e.g. the Group applying for the grant is called Greentown Community Under 10's Football Club. This group does not have a bank account in their group name, so all funds are banked under Greentown Community Centre where they meet and play.

Greentown Community Under 10's Football Club will need to provide Greentown Community Centre's bank statement and a written statement from Greentown Community Centre to explain the connection and that any funds from Asda Foundation will only be used for Greentown Community Under 10's Football Club.

Section 4 – Impact of the Grant

Question 4.1– Please explain how the grant would make a positive difference to your group and local community. Eg. *Greentown Under 10s Football Team would like to resume their delayed season's play by updating their tired match day kit and equipment. An Asda Foundation grant would enable them to purchase new strip for the children, plus replacement balls, nets and corner flags, encouraging children in the local community to get active again, improving social connections and wellbeing and getting people in the local community together again after being apart for so long.*

This is your opportunity to really tell Asda Foundation about the incredible work you do and how you are supporting your community. Please give as much information as possible as this will increase your chances of being successful.

Question 4.2 – Please tell us about the people your group help. Who will benefit from this grant? And how many? A written explanation is great. Eg. *30 children under 10 will directly benefit from this grant, with over 200 children from other teams in the local community throughout the match season.*
